All public records in your custody or control in the form of emails or text messages regarding the proposed Sucette Harbor project, Ordinance 23-16, or the Sucette Harbor developer or its principals, from August 1, 2022 until present. This request includes emails and text messages transmitted through cell phones and other devices, regardless of whether such devices are personal or private or are provided by the City of Mandeville. This request includes attachments to the requested emails and text messages. This request includes emails and text messages in your custody or control, regardless of whether you were the sender or a direct recipient, and includes communications that you may have been copied on.

If the records are not currently in your possession, please notify me in writing about where and from whom they may be obtained, or when they will become available.

I ask that you produce these records electronically, where possible, to avoid unnecessary fees and save paper. If there is any cost associated with the production of these records, I ask that you notify me in writing immediately prior to the costs being incurred.
