On Sept. 16th, 2026, Captain Lord was contacted by Clay Madden regarding addition information regarding Item # 2608-0481.

Mr. Madden advised since the previous report he was able to recover text messages between Mr. Berning and himself through his iCloud account. Mr. Madden submitted a copy of the text messages he recovered. The copies were attached to the report.

Mr. Madden also recounted two interactions with Mr. Berning after his original report. On Aug. 17th, 2026, Mr. Madden was stopped for a stop sign at the intersection of Live Oak and Copal. Mr. Berning was reported to be stopped at the same intersection at that time. Mr. Madden stated Mr. Berning "flipped the bird" at him while they were stopped. He did not pay much attention to it due to being alone in his vehicle at the time.

On Sept. 14th, 2026, Mr. Madden was backing out of his driveway when he observed a black truck driven by Mr. Berning, slow down and honk. He then observed Mr. Berning "flip the bird" at him again. This time Mr. Madden was bothered by this incident due to his 10-year-old daughter witnessing Mr. Berning flipping him off. At the time Mr. Madden was leaving his house to take his daughter to school.

Clay

This is Trey Berning. Please call me if you get a chance. Thanks

Trey I am extremely good at returning calls and messages. With one exception-when I'm at a conference. I'm currntly with four of my council members at the LMA convention in Shreveport. I'll be driving back tomorrow midday. Go ahead and give me a call tomorrow beyeeen I'd say 11-4 and I'll be able to speak

Ok. I have a tree crew that needs a permit today. Licensed arborists and they saying it will take days. Any help please

When was the permit applied for?

We never, nor does any other city,
issue them same day. But I sent
word to our planning department
to put a rush on it and process it
as quickly as possible

Thank you very much. Have a safe
trip.

How was Reagan?

I didn't make it
Sometimes bring dad takes
precedent. I would have liked to
have seen it but by the time I got
there it would have been half over

I get it believe me. 4 kids and no
mama. I get it.

Aug 10, 2025, 6:34 PM

You sure there's no way to work
out allowing me to put the name
of my business on my building?

We did everything Cara asked us
to do in front of the attorneys and
now they are saying the attic of
the building has to be air
conditioned. Thought you wanted
to get this behind us and "be
cool". 😎
